Dear The Federal Communications Commission,

I do not want to pay more for my telephone service! I urge you to reject a flat fee proposal that would change how contributions are made to the Universal Service Fund. I am concerned that this proposal could make my current service unaffordable.

Under the flat fee proposal you are considering, people who make few long distance calls would pay the same as people or businesses that make many calls. In other words, low-volume and primarily residential customers would bear the same universal service fund burden as a high-volume residential or business customers. This is unfair!

I use my wireless phone for safety, security and convenience. I don't want to lose these benefits so that big businesses can pay less than their fair share. I urge you to reject the proposal to move the USF collection system to a flat-fee.

I AM A SINGLE MOTHER OF 3 AND AM BARELY MAKING ENDS MEET AS IS. THE STATE SAYS I MAKE TOO MUCH MONEY TO GET FOOD STAMPS OR ANYTHING SO SOMETIMES I JUST DON'T EAT. I NEED MY CELL PHONE SO THAT I CAN HAVE IT IN CASE OF AN EMERGENCY AND CAN'T AFFORD YOU ALL RAISING PRICES. HELL--GAS IS TOO HIGH AS IS....I MAY HAVE TO QUIT WORKING AND GET ON GOVT. SUPPORT TO EVEN MAKE IT SINCE BUSSES DON'T RUN WHERE I LIVE. DON'T RAISE THE PRICES!!!!

Keep the USF Fair!

Sincerely,

amanda ferrell
